Scott is also giving away a spa weekend for two at the Mount Shasta Resort to celebrate the release of this book.

Recently we discovered a special novel that we want to share with you: DailyOM co-founder Scott Blum's new book, WINTER MOON RISES, is an achingly personal exploration of the hidden secrets of unborn children.

This unique & easy to read novel follows Scott and his soul mate Madisyn, as they embark on an insight-filled spiritual awakening where they discover how their entire history has ultimately laid the foundation for their expected child's future. Exploring ancient rituals and ancestral healing, Scott and Madisyn come to understand that we all remain connected to the magical world of unborn children long after we become adults.

In conjunction with the release of WINTER MOON RISES, Isabella Weber, the author of BRIGHDE'S CAVE: A MYTHICAL JOURNEY, is offering the gift of a free meditation called 'Invocation To the Great Cosmic Cow Mother' written and spoken by Isabella Weber, produced with music composed by Jerome O'Connell J Rokka. This meditation will be available to anyone who purchases WINTER MOON RISES.

BRIGHDE'S CAVE: A MYTHICAL JOURNEY is an original personal introduction to an important figure. It is packed with personal insight into understanding the Maiden, Mother and Crone aspect of the Celtic Goddess Brighde. The book introduces readers to an appealing search for meaning in life and what happens if we follow our own destiny by way of a fantasy story.

Isabella Weber is a practicing healer who has dedicated herself to the Goddess Brighde as her Priestess since she discovered her love for her in Glastonbury over four years ago.
